

RECLAIM OUR FUTURE: PRIORITIES

It's time for a reimagined political party built from the ground up, focused on creating a more united, prosperous, and healthier America.

HERE ARE OUR PRIORITIES:

- Bringing our country's debt and fiscal policy under control, setting up the next generation for success
- Focusing public and private resources on assuring the health of America's people and the vitality of local communities by innovating in education, healthcare, and infrastructure
- Creating jobs and growing the economy in a sustainable way by embracing free enterprise, free markets, free trade, and measured immigration across secure borders
- Applying America's innovative spirit to a new environmental revolution, based on science, facts, and articulated cost-benefit analysis
- Pursuing criminal justice reform and ending the era of mass incarceration
- Disrupting the political status-quo to end the self-serving laws and practices that both major parties have employed to protect their shared exclusivity of power and limit competition
- Making the election process truly democratic and fair and ensuring access for all voters
- Rejecting retreat from the world and committing to America's role as a strong, clear-eyed, values-based leader on the world stage

TOGETHER, WE'LL CREATE AMERICA'S POLITICAL RENAISSANCE.
